Ocean Beach Elementary School Reports Record Enrollment--785 Total

THREE PORTABLE ROOMS BEING BUILT TO SOLVE CROWDED CONDITIONS

The Ocean Beach Elementary school started the fall term this week with a total enrollment of 785, an increase of 68 over the total for last fall. The elementary grades will be attended by 667 students, as compared to 603 last year, and the kindergarten will have a total enrollment of 118, an increase of four over last year. These figures were released to The News Wednesday by Miss Vesta Petersen, principal of the school.

Miss Petersen also reported that construction is under way on three portable classrooms which will be used to temporarily alleviate crowded conditions in the first and second grades. It is expected that these buildings will be completed within 90 days, and they will be in use until permanent classrooms are available. Until completion of these classrooms, there will be four double sessions in the first grade and two in the second grade, said Miss Petersen. She reported that the bulk of the increase at the school in concentrated in the primary grades.

After five months illness, Jim Bowker is back on the job at the Home Appliance Store. The News extends a welcome back to him and a wish for continued good health.

Ocean Beach Poet Given Recognition By L.A. Publishers

An invalid for almost 20 years, Johnnie Raaka, who is known to Ocean Beach as "Johnnie-on-the-Shoals", hasn't a word to say to shut-ins. He merely offers the example of his own life, which recognizes no limitations and which sparkles with vitality and creative interest. His latest coup was announced last week, when the Hillcrest Publishers of Los Angeles informed The News that Johnny's poetry has been accepted for the 1947 edition of the Pageant of Poetry, a volume of verse by contemporary American poets. Five poems of Johnnie's will be in the new edition: "Oh My Darling", "On The Horizon", "Today Is Alway", "Mulligan Molly", and "Love in Blue."

Johnnie has been writing poetry ever since he learned to

Johnnie Raaka

write. It seems his natural medium of expression. Often music to accompany the lines drifts through his mind too, but he said he never learned to write music, so he can't put it down on paper. He's looking for a good collaborator to get him over this hurdle.

He says he was "born in a saloon and raised in a cow pasture," which may be a little exaggerated. In truth he was born in a very small Colorado town, Nov. 25, 1881, the son of an old-time saloon keeper. As a child Johnnie lived the robust life of the West in those early days.

He joined the Navy sometime later but was retired in 1930 as permanently disabled. He had been stationed at that time on North Island and lived in San Diego for awhile after his retirement, coming to Ocean Beach about eight years ago. He lives at 5161 Brighton with his daughter, Helen Raaka.

The Beachcomber

Seen: A deodorized polecat in Lou Fleetwood's window. . . . R. J. Nicholson making with a broom in preparation for the opening of his bookkeeping service in its new location. . . . New floor being put down in Hank's Card Room. . . . Harry Masters all slicked up in a brown suit on a rainy day wishing that he could go quail hunting. . . . The dailies carrying a report of clear weather Wednesday (it rained) and rain Thursday (the sun shone).

Heard: That Mrs. S. E. Mitchell of Bernice drive was surprised Monday evening when she opened a can labeled sugar peas, discovered them to be tomatoes. (This story wouldn't be quite so sad except that the Mitchells don't like tomatoes.). . . . A terse summary of one kid's opinion of school—"It stinks."

Heard: Another bit of bragging by a Bacon St. merchant. This time, by Bill Bailey. With considerable pride Bill showed us a recent down town newspaper picture of his dog "Spike," cavorting in the surf at the local beach with a bathing beauty.

Lions Hear Talk By Don Giddings; Club Plans Minstrel Show

The Ocean Beach Lions club heard a talk by Coach Don Giddings of Pt. Loma High school at their Thursday evening, Sept. 11 meeting. Mr. Giddings talked optimistically on his team's chances this year, and told of the new "T" formation which Pt. Loma will use for the first time this year. His assistant, Hil Crosthwaite, also talked briefly and urged the membership to support the team by attending all games possible.

Besides the two coaches, guests included Roy Bailey of Peoria, Ill., father of Lion Bill Bailey; and Lion Thomas of the Stockton den.

Plan Minstrel Show

The membership discussed plans for a minstrel show, to be sponsored by the club on Oct. 24, 25 and 26, with proceeds to go toward financing an all-out effort on the Wyke Regis project. The club has adopted the English village of Wyke Regis, and will soon send its first bundle of relief goods to that war-stricken town. Money from the minstrel show will be used to defray the cost of shipping these bundles to England.

O. B. Churches Start Drive for Donations For War-torn Europe

Mrs. Alfred Beck, chairman of the Ocean Beach chapter of Church World Service, an interdenominational organization which is handling the shipment of relief goods to war-stricken countries, announced this week that the CWS has launched an intensive drive for donations of clothing, shoes and bedding to help the people of Europe trough the winter. Mrs. Beck emphasized that contributions now being sent will not only alleviate suffering this winter but will help prevent the spread of Communism in Europe.

Contributions may be left at any of the churches in Ocean Beach, and money to defray the cost of shipping the parcels will also be appreciated, said Mrs. Beck. She also stated that contributions may be left at her home, 2387 Seaside, or they will be picked up if the contributors call her at B-6262. Mrs. Elizabeth Rhue is director of the San Diego CWS, with headquarters in the First Congregational Church downtown.

Ocean Beach Man Killed When Auto Falls Over Bank

James Lawrence, 41, of 4428 Brighton Ave. is dead, and Mrs. Esther Perdue, 44, is being treated at La Mesa Community hospital as a result of an auto accident in which both were involved Sept. 13. Lawrence, driving with Mrs. Perdue late Friday evening over the Murray Dam road near Grossmont, failed to make a curve and the car tumbled over a 100 foot embankment. Suffering internal injuries, he never regained consciousness and died at 4:30 Sunday afternoon at County hospital.

Lawrence leaves his widow, Thelma, and a daughter, Mrs. W. E. Daly of Oceanside. He was a commercial fisherman. Mrs. Perdue, in whose name the automobile was registered, is reported to live at 4236 Newport Ave. The hospital reported Thursday that she is recovering from her injuries.

Troop 28 Scouts Drill At Police City Rifle Range

Twelve boys of Troop 28, Boy Scouts, were given an exacting test for their merit badges in rifle shooting at the San Diego Police rifle range on East Federal Ave. Monday afternoon after school. They were in charge of Chairman Lou Fleetwood of the Kiwanis club Boy Scout committee and Sgt. Wayne Gray of the Ocean Beach police station. Gray also is a member of the committee. Troop 28 is the one sponsored by Kiwanis.

The tests were with 22-caliber rifles and at the 25-yard course, using both the standing and the kneerest positions for firing. Some excellent scores were made by the boys, Lou reports.

Boys of this troop for some time have been studying "Firearms" under Sergeant Gray and Arthur "Moose" Byers, the latter being another member of the troop's adult committee.

High School Opens With Increase Of 60 In Enrollment

TOTAL OF 1100 ENROLL AT POINT LOMA HIGH FIRST WEEK, NEW YEAR

Point Loma high school opened the new year of 1947-48 with an increase of about 60 students over the first week of last year, Principal L. L. Bloomenshine informed The News Thursday. Total enrollment this week is approximately 1100, he said. The figure will most likely be increased by late enrollees since many students scheduled to return have not registered as yet, he said.

Catalina Palms To Be Transplanted In Mission Bay Park

The city decided this week to take up palm trees from Catalina Blvd. south from Santa Barbara St. and transplant them on Santa Clara point in Mission Bay park. Protests had been filed by some of the nearby residents, but the city manager's office pointed out that only every other palm tree would be taken which in effect, the city officials stated, would be of benefit to the palm trees remaining on the boulevard.

No Action on Cypress

The News was informed Thursday by the city manager's office that no action had been taken by City Manager Fred Rhodes as yet on the petitions regarding removal of the cypress trees on Voltaire St. These petitions arrived at his desk only this week, and it was stated that he had not yet had time to go over the matter and reach decision.

Willis LeJeune Sells Business Houses To Clint

Willis LeJeune informed The News Thursday that he had this week sold his business property on the south side of Newport Ave. near the ocean to his brother, Clinton LeJeune. This is the old Wyness estate property the Willis purchased last year from the estate.

He stated that his brother plans to later remodel the buildings in order to make two more rental store rooms, making four rental units in all. The two now occupied are by H. B. Kerley, the barber, and by a new firm of building exterior re-finishers who recently moved to Ocean Beach. This firm, Smiley & Farris by name, have just completed refinishing the famous Hollywood hotel in Hollywood and have a contract with the Tavares Construction Co. for work on the 100 houses this company is to build in Pacific Beach near Bird Rock, Willis reports. They are running three trucks and have a large crew of men, he understands.

MEET YOUR OCEAN BEACH NEIGHBORS

Our neighbor for this week is that genial barber, Ray Perine, owner of the Family Barber Shop. Ray first saw the light of day in Oak, Nebraska. He attended school in Aurora, Nebr., and after graduating from high school started barbering in that town. Later he went to work as a machinist for the Burlington Railroad in Lincoln.

Tiring of the railroad business Ray went to Chicago, where he was hired to manage two delicatessen stores for Mallings, Inc. The Florida real estate boom of the late twenties attracted Ray and he spent several months in that southern state getting his share of the profits. About the time the market broke, Ray came west and landed in San Diego, where he visited for a few months, going from here to Casper, Wyoming. Ray settled down in Casper, started barbering again, and spent 11 years working, hunting, fishing and battling the sub-zero winters. In 1940 he decided he'd had enough and came back to California, visited a while in San Diego, and and then worked a year in Los Angeles. In October, 1942, Uncle Sam called and Ray was in uniform at McCloskey General Hospital in Temple, Texas. After this army stretch in the wide open spaces, he was glad to get his discharge and get back to California.

In April, 1943, Ray married Marjorie Dvorak, of Casper, in Hollywood. Shortly after that, the Perines moved to San Diego, and Ray went to work for Consolidated Aircraft. Tiring of the war plant grind, he went into a partnership in a La Jolla bar-

ber shop for a while, later coming to Ocean Beach where he went to work in Michael McGunnegill's barber shop on Newport. In August, 1946, Ray bought out Mr. McGunnegill, and christened the place the Family Barber Shop.

The Perines live at 4612 Lotus St. with their two children, Margie Rae, 3 1/2, and Arthur Dennis, 15 months.

Ray is a member of the board of directors of the Ocean Beach Lions Club and is a Legionnaire. His favorite sports are hunting and fishing, which he pursued energetically in Wyoming. But Ray says that right now he does his best fishing in the front chair of the Family Barber Shop, since patrons are quite generous not only in sharing their catches with Ray, but in giving him a detailed description of their prowess.

MR. AND MR. A. G. BRUCE RETURN FROM 3 MONTHS TOUR INCLUDING CANADA

An enthusiastic vacation trip report comes to The News from Mr. and Mrs. A. G. Bruce of 4930 W. Pt. Loma Blvd., who returned here Sept. 10. The Bruces boarded a bus June 15, and toured Western America and Canada via Utah, Idaho, Montona, Banff, Lake Louise and Vancouver, returning through the Redwoods and San Francisco. Of all the scenic grandeur they encountered, Mr. Bruce seemed most impressed with California's own Redwood Highway. He also gave honorable mention to Canada's hard wheat bread. The Bruces were gone three months, and though their trip was leisurely and restful, they report that nothing ever looked so good as Ocean Beach at the end of the long trail.

Agueda Johnston, Heroine of Guam, Sees Friends Here

Mrs. Agueda I. Johnston, who has been written up by numerous daily newspapers as the "First Lady of Guam" island, was a visitor in Ocean Beach during the past week. She was a house-guest early last week of Mr. and Mrs. L. C. Peck of 5033 Muir Ave. Mrs. Johnston had been a pupil of Mrs. Peck while Mr. and Mrs. Peck lived on Guam from 1904 to 1909. Then on Saturday Mrs. Johnston was a guest of Mrs. C. W. Varney of 4728 Saratoga Ave. The latter's son, Walter, who is stationed on Guam is a good friend of a son of Mrs. Johnston.

Mrs. Johnston, who is a native of Guam, became a pupil of William G. Johnston, when the Pecks left Guam to return to the States, and in 1911 married Mr. Johnston. The latter died in a prison camp in Kobe, Japan in October 1943, having been among the first to be made a prisoner by the Japs when they took over the island in December 1941.

Herself a prisoner of the Japs and though like many others she had undergone torture at their hands, Mrs. Johnston became famous on the island for her many heroisms toward keeping her people together, and particularly for her aid in harboring Navy Warrant Officer George Ray Tweed. Tweed, known as the "Ghost of Guam," became famous for having hid on the island behind the Jap lines for 31 months and was the only American to escape detection.

Met 260,000 Servicemen.

Mrs. Johnston estimates that she has met about 260,000 American servicemen on Guam since the Americans recaptured the island. During that period she took it upon herself to see to it that these men had entertainment in the form of stage shows in which her pupils participated.

She has been in this country since June, having come to the United States as a delegate to the national convention of the American Red Cross, held in Cleveland, Ohio last June, and with her daughter will leave about Oct. 1 to return to Guam.

In Guam, Mrs. Johnston is head of the Red Cross, assistant superintendent of public instruction and a director in the Girl Scouts of America.

During her visit to this country, she has visited many states and has given numerous interviews and radio talks in the large cities, including New York City. She also has been observing various school systems in this country.

STATE COLLEGE NEWS

By JOAN HOLLOBAUGH

Students at San Diego State College spent two hectic days on campus, September 15 and 16, before starting regular classes on the 17th of September. The big problem was whether or not they could get the classes they wanted, and most of them had to juggle their programs to do it, for it didn't take long for the more popular classes to close out. The majority of the school preferred morning classes, in order that they might have the afternoons free for part-time work or social activities.

In addition to waiting in line in front of Building T-3, where class reservations were made, many Aztecs from Ocean Beach were seen in the "caf", on the "wall", in the "gym" for registration, and at the registrar's desk, asking "How", When", and "Where."

Everyone was glad to hear that the Frosh Reception, set for September 27 at the Mission Beach Ballroom, will be semi-formal, and that Les Brown and his fine band will furnish the music. This promises to be the best yet.

Frosh are worried about hazing, the rules of which will be announced the 19th of September at the Frosh Rally-Up in the "Quod." Hazing can be plenty of fun, but a word of warning . . . Go easy on breaking those rules.

Jane Jenson, a senior this year, is majoring in social science, and is sorry that this is her last year. So you see, school can be pretty wonderful. Jane spent the summer working at Sear's, but after next June, she'll have an A.B. degree and can go into social work in earnest.

State lost a good boy when Alan Daun chose "Cal" as his campus for the coming semesters. Lots of luck and fun at Berkeley, Alan. We'll miss you here.

Marty Jacobson, a sophomore, is majoring in Teacher's Education. Marty, a fire-dancer at State last year, worked at Sear's during the summer and spent most of her off-time at the beach.

Dick Odom, another sophomore, majoring in pre-dental work, had been in Alaska for several months, and returned to home field about the middle of July. Dick has been dividing his registration days between the campus and the beach nice work, if you can get it.

Bob de Guevara, another sophomore majoring in education, did all right for himself at State last year. Bob was a cheerleader at Point Loma High a few years ago, and did a terrific job. Bob and Phil Thornton led yells in the gym last Friday, and got a tremendous response . . . lot'sa luck.

Marcia Drummet, a social science major, took a vacation jaunt to Nebraska during the summer, but was glad to get back to San Diego, and on campus with all her former Point Loma High chums.

Hank Purdy, who spent some time at Montana, has been on the State campus for the summer sessions, and is continuing here, majoring in chemistry. Glad to see you back, Hank.

Mr. and Mrs. Lloyd N. Davis of 2222 Froude St. plan to spend the weekend in Hollywood, where they will be guests of friends at a reunion of former Illinois residents. Other guests will come from as far as Illinois to attend the affair. The Davises will return Sunday evening.

TEEN CHATTER

By GINNY CLARK

Hey all you toasted brown people, how's school? Great to be back, huh? Aw now it couldn't be that bad!

Guess Who?

You all don't know me so let me introduce myself. "Ginny" Clark's the handle and I want you all to know, any information you want to see in this column "pliz" get in touch with me. Don't forget.

Calling All Men

Fellas—What do you think of the new styles? Cute? I'd like some of you guys to give me a buzz and give your opinion so I can quote you. Don't be bashful!

Steadies?

Did you folks know Ed Browning and Mary Louise Lyons are going steady? Bill Word has picked a new mate, I see, cute Molly Rae Bell. Dave Stark and Nola Plumber are now as one.

Smile, Darn Ya, Smile

Why the glum faces on a couple of gals wandering around school? Looks like Bonnie Graham kinda misses Dave Ryan after all. He just left Sunday for Stanford. Nancy Wilhelm looks forlorn too. Richie Stangle is still in town—but that isn't like walking down the halls with him is it Nan?

Flash!

Gals—did you hear about Barbara Foran being our counselor for the Hi-Debber now? Good duty!! Hope she helps put over some of those fine dances again like we had last year.

Aloha Oe

Hey—"Hay" Young and Julie Bixby were in Hawaii this summer. Wonder what's doin' over there?

Aw Vacation

This summer has really brought lots of fun and excitement to some while others worked all summer. Looks like "Bud" Burrows has had the FUN—who wouldn't on a trip through the Redwoods, Colorado, Washington and almost to Canada. Bet he is interesting to talk to. While "Bud" enjoyed himself poor Quentin Decker, Pat Wagner, Betty Steely and Don Jones were among the few that slaved. Oh well the income probably pacified them I imagine.

Sleepy Time Gals

"Prims" are having a P. J. Party tonight at "Nee Nee" Myers, bet we know who is going to be sleepy heads at breakfast (which will be enjoyed in their Levis and plaid shirts in some O. B. cafe) tomorrow morning.

Wheeeeeeeee!

"K-K's" had a big day Wednesday. Starting with a pleasant day at school, then to Lou Cure's for a spaghetti supper, then ending up at Glacier Gardens for an evening of ice skating.

Enter Madame President

"La Chere's" have new officers. The president is Maggie Mason; vice pres., Barbara Tipton; secretary, Sue Pense; treasurer, Barbara Ward; publicity, Shirley Hill; historian, Nancy Wilhelm.

"Amo's" officers are: Lorraine Adams, pres.; Pat Young, vice pres.; Barbara Bennett, sec.; and Marian Ogle is the money collector. Man! these "Amo's" are really a grand bunch of kids. Listen to this: They have adopted a family of Greeks and send clothes, food, toys and etc, over to them. Why don't some of the other clubs around here get on the ball and help out like that?

The "Quiigs" also have new officers—the man behind the gavel is none other than Stan Jones—his assistant is Frank Barner and the sec-treas. is Bill Butcher. They have a few prospects in mind I understand. Maybe we'll know more next week.

"Kampus Katz" have a new prexy—June Belloff; vice pres., Doris Braden; sec., Marian Mishler; treas., Margie Arney; pub., Zona Arney; activities Yours Truly.

"Trez-N's" new rulers—pres., Barbara Foran; vice pres., Poppy Wilson; sec., Lois Anderson; treas., Janie Bischoff; and pub., Betty Hodge.

I Promise

Looks like the Job's Daughters have taken in another swell member. Nancy Fieger recited the rites last Wednesday night. She looked mighty stunning in her pale pink formal, I'm told. Good going Nan.

Bye

Well kids its really been fun writing for you and I hope more of ya will be looking **Forward** to "Teen Chatter" so you can keep up on the latest news of the week.

BUT—I'll need your help so call B-8744 and give "Ginny" your information.

Editor's Note: Most of the teen-age social clubs, such as the Zets, Trez-N, La Chere, Prims, Vims, Kampus Katz, JO, Quiigs, Oaks, Rebels, Mad Katz, Amo's and Rogues, that appear in this column are not sponsored or supervised by school authorities. They are social in nature and operate outside of school under their own informal by-laws.

Rev. Martin Lankow Honored On 20th Year In Ministry

Rev. Martin Lankow of the Bethany Lutheran church was honored Sunday on the occasion of the 20th anniversary of his ordination as a minister. Sunday evening Rev. and Mrs. Lankow attended a surprise celebration of the event in the chapel of the church. Rev. Victor Herrmann of the Peace Lutheran church gave a short sermon in commemoration of the anniversary, and the choir, under the leadership of A. E. Mantey, rendered "The Lord is My Shepherd."

After the service the group assembled in the Bethany school rooms where refreshments were served. Arthur Porter presented Pastor Lankow with a purse, a gift from the congregation.

Pastor Lankow was graduated from California Concordia College, Oakland, Calif. in June 1924, and from Concordia Theological Seminary at St. Louis, Mo. in June, 1927. He was ordained and installed on Sept. 11, 1927 by his father, the Rev. Vice President William J. Lankow, at Grace Lutheran church in Lancaster, Calif. During the 20 years of his ministry he instituted the first Lutheran services at Red Mountain, Brown, Bishop, Lake Hughes, Johannesburg and La Lolla. He served as the first Lutheran chaplain at the California Institution for Women at Tehachapi. Beginning in February, 1936, he served the western section of San Diego city and on March 30, 1941, was installed by the Rev. Visitor L. H. Jagels as pastor of Bethany congregation. For over 15 years he served the Southern California district of the Lutheran church as its historian and chronologist. Ocean Beach Society and Clubs

Downtown Chamber of Commerce Speaker First Meeting of Woman's Club Features

Quoting from authoress Pearl Buck, Mrs. B. H. Nielsen, Ocean Beachs Woman's club president, opened the first meeting of the new club year Sept. 11 with the observation that "women are the housekeepers of the world; they do not like war because it is essentially their province to clothe and feed the homeless which war creates. Like uranium, which only the advances of science has made useful, women as a powerful force can only be recognized through the advance of world thinking and world acceptance."

The meeting featured a speaker from the San Diego Chamber of Commerce, J. N. Lyons, who was introduced to the large assemblage by Mrs. Ella Smith, first vice president. His topic was "How Well Do You Know Your San Diego and Ocean Beach." He spoke principally of cultural and industrial matters pertaining to San Diego as a whole, stressing the importance of the tuna fishing and tourist industries and the presence of our Navy as assets. He said that San Diego's climate and other attractions were principally responsible for an unemployment problem which he seemed to think would be an ever-present one. Optimistically, however, he pointed out that San Diego has gone about the job of post-war reconstruction and adjustment far more efficiently than other communities. To prove this, he produced part of a survey of the city made by the Chamber of Commerce, which he said now serves as "chart and compass" in solving post-war difficulties.

As relaxation from serious thinking, Mrs. Lawrence Krettler provided entertainment with her burlesque of radio news broadcasting entitled "Mrs. Walter Winchell." Writing it on the spur of the moment, Mrs. Krettler had cleverly involved prominent club members in such scandals as "contributing to the delinquency of a minor." The victim of this report was President Mrs. Neilsen, who left her cat "Rochester" with her bridge club when she departed not long ago for her vacation. The cat, having been in the players' company for some time, has not been the same since, Mrs. Krettler reported.

Luncheon was served in honor of the club's 58th anniversary month, Mrs. Harry F. Brady and Mrs. Edwin Storm being in charge of the luncheon. Individual birthday cakes for each guest were a feature. Approximately 60 members and guests were in attendance.

CHILDREN TRAFFIC SAFETY
(By San Diego Police Dept.)

Ocean Beach parents again have turned over their children to the capable hands of our city school teachers for instruction. To most of the parents this will be a welcome relief after a long summer vacation of trying to cope with "Junior's" thoughtlessness, carelessness and inexhaustible energy. But though this change of instructors has taken place, the parent should realize that he still has a task to perform.

Junior must be taught the proper methods of going to and from school, which is the safest route, which dangerous intersections he has to cross, and to use the crossings which are protected either by the police or the Junior Traffic Patrol. He should be made to understand that the police and the Patrol are his best friends, and that they will do anything within their power to protect and help him at any time. He should understand that an automobile is 10 times as fast as he is, 100 times heavier, and 1000 times more hard. He should be taught to have a healthy respect for ALL motor traffic, and that any conflict he has with it, HE will be the loser.

If Mother is going to drive the children to school, she should be sure that she is setting the proper example in her driving. When she arrives at the school, she should see that the children get out of the car on the curb side so they won't have to cross the street. Remember, when the children are let out on the left side of the car, they are directly in the path of approaching traffic and likely to be struck. When picking them up in the evening, don't double park; this only doubles

ECHOES OF THE PAST

The following items are reprinted from The Beach News of Sept. 24, 1927.

The local Chamber of Commerce rejected the proposal to build a sea wall under conditions of the Mattoon Act. Perhaps now they're eating their words. The Chamber also was requested to start the ball rolling on getting some sidewalks laid on Voltaire St. between Ebers and Point Loma high school. This was referred to the San Diego Chamber. Apparently with some success.

J. Thomas McCoy of the John B. Hughes Realty office was the winner of the contest sponsored by James Dougherty to find a name for his new service station at the corner of Santa Monica and Bacon Streets. The prize was $5 in gold for the winning name, "Sunshine Service Station." More than 100 were submitted.

Mr. and Mrs. George E. Bailey has bought the property at 4720 Muir. They announced that they expect to make Ocean Beach their permanent home.

William L. Near entered his high-speed Ford in the all-Ford race at Mission Beach. The contest was to run on the sand for two miles along the beach.

Mr. and Mrs. A. D. Piersalls took their courage with them when they set out for an eight weeks' trip by auto over the old Santa Fe trail to Missouri.

At the Strand, Babe Ruth was starring in "The Babe Comes Home." Also on the bill was an epic called "Rough Riders", the storry of Teddy Roosevelt's soldiering days.

269,000 New Phones Set In Southland In Past Two Years

Driving into the third postwar year to meet demand for telephone service unprecedented in the entire 70 years' history of the telephone industry, the Pacific Telephone and Telegraph Company announced today that it had actually installed 750,000 telephones here in Southern California in the two years since VJ-Day for a net increase of 269,000 telephones.

According to A. V. Engel, telephone manager, this two year increase in the number of telephones is more than the total increase of the best four years of the company's pre-war growth. There are now 1,290,000 telephones in service in the company's Southland area.

A. V. Engel said that the telephone company is right in the middle of the greatest expansion program in its history designed to provide telephones for all who want them at the earliest possible time. The 1947 expansion program calls for the gross expenditures of many millions of dollars.

D. FREATMAN PRESENTS BENEFIT SHOW HERE FOR HARD OF HEARING GROUP

Ralph Crutchet of the San Diego "Hard of Hearing" Society was the special speaker Sept. 11 when Donald Freatman, of Ocean Beach, 14 year old radio artist and theatrical director, presented his group of young entertainers in Wallace Hall in a benefit show for the Society. Mr. Crutchet spoke briefly on the work of the Society, which has recently been incorporated as a member of the Community Chest. The principal project on the society's agenda now, he said, is aid to children who are deaf or hard of hearing.

The program marked the first professional anniversary of young Freatman's group. On Sept. 20 a year ago, he first appeared on radio station KFMB's Junior Spot Lite Review, where he produced a five minute drama. He then went to KYOR, where he currently presents a weekly 15-minute fairy tale show.

Sharing the spotlight with him were Lorrie Mallory, Ruth Straka, Diane Esborn, Bill Pierce and others. An audience of about 50 received the program. Donald expressed his thanks to all who attended the show and to others who contributed, especially Father Phillip Harris of Trinity Episcopal church, who contributed the use of Wallace Hall for the occasion.

and friends from out of town are expected to be present, including Mrs. Leroy Shaw of Portland, Ore., Mrs. J. J. Jensen of Sacramento and Mr. and Mrs. Lee Thompson of Escondido. The bride's mother, Mrs. Jesse T. Storm, will wear a gold and brown silk crepe dress and a corsage of pink rose buds. Mrs. Lajoie, mother of the groom, has planned a black crepe and lace dress with a corsage of Talisman roses for the occasion.

Miss Storm is a graduate of Hoover high school and Kelsey-Jenney business college in San Diego. She served with the Women's Army Corps for 23 months, which time she was stationed in Boston, Mass., Long Island, N.Y. and Heidelberg, Germany. She was discharged from the Army in April, 1946 and has since been employed by the telephone company.

Mr. Andre is at present an apprentice optical technician. He is a graduate of Point Loma high school and served with the Army in the South Pacific theatre of operations during the war.

The couple plans a 10-day honeymoon in San Francisco, after which they will make their home in San Diego. They are culminating a romance which began when they were introduced by Miss Storm's brother, who will be unable to attend their wedding in as much as he is currently stationed on Guam with the Navy.

Mr. and Mrs. E. F. Olson of 2054 Ebers are home after a three weeks' vacation trip to British Columbia, Oregon, Washington, the Redwoods, and other northern points. With them went their two children Mary Louise, 10, and Bobbie, 6, and Mrs. Olson's parents, Mr. and Mrs. G. E. Klier of 2076 Ebers.

DeMolay Chapter Busy Planning For Rummage Auction

The boys of Point Loma DeMolay chapter are busy these days preparing for a benefit rummage auction they plan to hold Saturday, November 1. Since their recent organization they are holding their regular lodge meetings in Masonic hall on the second and fourth Monday evenings of each month, the next meeting being scheduled for next Monday evening. The chapter includes 35 charter members, Tom Arnold of the chapter's publicity committee reported Thursday. Announcing their plans for the auction, the boys stated this week:

"We are busy collecting various articles of used clothing and household equipment and furnishings with the idea of putting same into salable condition.

"Funds to be derived from this sale will be used to buy robes and other chapter supplies and equipment.

"We ask the cooperation and help of Beach area residents in donating to this organization such articles as vases, smoking stands, tables, chairs, etc. that can be repaired and painted. Such donations will be greatly appreciated.

"A phone call to Theron Lake, chapter advisor, B-4135, or to Gordon McClure, B-7978, will bring a truck to your door to pick up anything you may have to donate."

Mrs. Juanita Halamuda, extension chairman for the newly formed San Diego branch of the American Association for the United Nations, will attend the organization's first executive committee meeting tonight (Friday) at the Unitarian church in San Diego. The meeting has been called to establish a plan of procedure for future group activity.

ALAN DAUN TO ENTER UNIVERSITY OF CALIFORNIA

Mr. and Mrs. Alan N. Daun left today (Friday) for Berkeley where Alan will matriculate in the architectural department of the University of California. Both Mr. and Mrs. Daun are graduates of Pt. Loma High, Alan being a native-born resident of Ocean Beach. He is the son of Mrs. A. N. Daun of 4661 Brighton Ave. Alan was a student at State College last year.

Demonstration Of Expert Shooting Given Kiwanians

Kiwanians of Ocean Beach were treated to an interesting demonstration of expert revolver shooting at their Tuesday meeting, held in Wallace hall. Rodney Pease of San Diego, firearms instructor for the police department, gave the demonstration using two revolvers and "clay pigeon" targets, on which he hit the bullseyes with startling regularity. Featuring his skill was a shot to the blade point of an axe, splitting the bullet and smashing two targets, one on each side of the axe, with the one split bullet. Another shot he aimed at the thin edge of a playing card split the card in two.

Pease was introduced by Wm. Murphy, head of the F.B.I. in San Diego after the latter had given a talk on "Firearms." Murphy gave instructions on the proper use of firearms, particularly in home, stressing that every person living in a home where firearms are kept should be given full instructions on proper handling of same.

Murphy also stressed that the law requires that no one can carry a gun on the person or in a glove box of a car without a permit. This law also includes guns especially the German automatics brought home as souvenirs by war veterans from the battlefields.

The speaker used a Thompson sub-machine gun to demonstrate the handling of a weapon of this kind.

Jerry Sullivan officiated as program chairman for the evening.

Sons and Daughters, Guests. S.

Sons and Daughters, Guests

The meeting was special in that the members were asked to bring either a son or daughter as guests. Several brought one or more daughters, making the attendance the largest this year.

At the business session, James Restine, Ocean Beach plumber, was introduced by Heber Hartvigsen and was inducted into membership by Paul Hendrickson.

PIONEER OF OCEAN BEACH 76, DIES AT ENCINITAS

Final rites were held yesterday (Thursday) for Irving W. Phillips, 76, who died in Encinitas Sept. 8. The son of a local judge who came to Ocean Beach in 1896, Mr. Phillips grew up in this community when it consisted of only 13 houses. He was born in San Diego in 1871. His only known survivor is his sister, Miss Edith Phillips.

Funeral arrangements were made by the Johnson-Saum mortuary, San Diego. Private services were held Sept. 18 at 2:30 p.m., interment following at Mt. Hope cemetery.

Bank of A. Starts "Get Acquainted" Campaign In State

Manager Rollin Reed of the Ocean Beach branch of Bank of America, announced today that L. M. Giannini, president of the institution, had called on the bank's statewide organization to launch a "Let's Get Better Acquainted" campaign aimed principally in the direction of the three million newcomers who have settled in California in recent years.

The staff of the Ocean Beach branch held a meeting Monday to plan their part in the "Get Acquainted Campaign." Individual initiative in making newcomers feels at home will be stressed, said a spokesman for the group.

The local bank also announced this week the addition of three new members to the staff. The newcomers are Mrs. Lucille Zilk, Leonard Pender and Frank Onstott.

In an addres made by radio to the staff of all branches of the bank throughout California, Mr. Giannini declared: "We, as an organization for public service, do not want any feeling of newness or strangeness to cling too long to the new citizens who have joined us to help us all in our ambition to make this a greater state."

Pointing out that the same war conditions which interfered with normal ways of getting acquainted with the newcomers had brought the state the greatest mass migration in all history, Mr. Giannini said: "California is new to them in many ways. Our climate, many of our living customs, many of our ways of doing business, are different from what they have been accustomed to."

Two Preliminary Meetings Of New 20-30 Club Held

Two preliminary meetings of the proposed new 20-30 service club for Ocean Beach have been held at the Bill Perkins residence, 4557½ Saratoga Ave. this month. One was held Sept. 10 and the other Sept. 17. Several prospective members were in attendance, and were given considerable information about 20-30 clubs, by district and club officers from the Coronado and San Diego 20-30 clubs.

The information stressed the fact that "while the age limits for membership formerly were 20 to 30 inclusive, the limits now are 20 to 36 inclusive."

Also emphasized were the principles of the 20-30 clubs, which included civic service and promotion of community interest.

President Paul Slaughter of the San Diego 20-30 club informed The News this week that his club has decided to join with the Coronado 20-30 club in the sponsorship of the new Ocean Beach club. He said that likely two months will be required to complete the organization, and that the plan is to hold meetings once a week.

The News is asked to announce that any and all Ocean Beach young men, from 20 to 36, interested in becoming charter members of the new club can obtain additional information by phoning Bill Perkins, Bayview 6954, or Franklin 9-2131.

John E. Loftus of 4645 Santa Monica returned last week to his office after a serious illness of several weeks. Mrs. Loftus reports he is much better. He had been in Scripps hospital for treatment.
